

As an over the road truck driver the use of my XM radio has become part of everyday life. The fact that regular AM/FM radio does not play the type of music I listen to and that there is no other 24hr NASCAR radio station anywhere keeps me tuned in to XM. I do listen to regular radio when in the markets that offer something that I like. These same markets do not offer instant traffic and weather whenever I need it. What Im trying to say is dont take this chioce away from me. Thank you for listening, kenn
